LAVAL, Quebec, March 9, 2015 /PRNewswire/ -- Valeant Pharmaceuticals International, Inc. (NYSE: VRX) (TSX: VRX) announced today that VRX Escrow Corp., a newly formed wholly owned Canadian subsidiary of the Company, has launched an offering of the U.S. dollar equivalent of approximately \$9.6 billion aggregate principal amount of senior unsecured notes to be issued in four series denominated in U.S. dollars and euro. The net proceeds of the offering, together with borrowings under the Company's incremental term loan facilities and cash on hand, are expected to be used to fund the previously announced acquisition of Salix Pharmaceuticals, Ltd. ("Salix") as well as repayments of indebtedness of Salix and certain transaction expenses. The notes will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state securities law and may not be offered or sold in the United States absent registration or an applicable exemption from registration under the Securities Act and applicable state securities laws. This press release shall not constitute an offer to sell or the solicitation of an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.
