October 10, 2019

\$10,000 Scholarships Awarded to Nine Students Affected by Dermatologic Conditions

LAVAL, Quebec, Oct. 10, 2019 /PRNewswire/ -- Bausch Health Companies Inc. (NYSE/TSX: BHC) and its dermatology business, Ortho Dermatologics, one of the largest prescription dermatology health care businesses, today announced the 2019 Aspire Higher scholarship program recipients. The program, which since 2013 has granted more than \$648,000 in scholarships to students who have been affected by dermatologic conditions, will award nine students with scholarships of \$10,000 each to pursue their undergraduate or graduate degrees.

"Through the Aspire Higher program, we've heard firsthand from students across the country about the challenges that often come with dermatologic conditions," said Bill Humphries, president, Ortho Dermatologics. "This year's honorees are an inspiration for how they've faced these challenges and are a testament to the far-reaching impact dermatologists have when they help their patients resolve or manage skin conditions. We are proud to support these students with scholarships that will help them achieve their educational goals."

The 2019 honorees were selected from nearly 1,400 applications, based in part on essays sharing their experiences pursuing their education while living with a dermatologic condition. In these essays, applicants also shared the role their dermatologist, primary care physician, physician assistant or nurse practitioner played in helping them reach their goals. The applications were judged by an independent panel of dermatologists from across the country.

"Through my time serving on the judging panel of the Aspire Higher program, applicants continue to inspire me with their dedication to excel personally and academically," said Adelaide A. Hebert, MD, dermatologist at UT Physicians Dermatology at Texas Medical Center, Houston, TX. "Each application reminds me of why I am proud to be part of both the dermatology community and this initiative with Ortho Dermatologics, which gives students who have struggled with a skin condition a helping hand in achieving their academic aspirations."

The Aspire Higher program recognizes students across a wide range of educational pursuits, with scholarships in three categories, including the Undergraduate Scholar Awards for those pursuing undergraduate degrees, the Graduate Scholar Awards for those pursuing graduate degrees, and the Today's Woman Scholar Awards for mothers pursuing undergraduate or graduate degrees.

The 2019 Aspire Higher recipients are:

"Thanks to this scholarship, I can now turn my experience with a painful skin disease into something positive and help others who are suffering through similar issues," said Astrid Guevara, a 2019 Aspire Higher Graduate Scholar student at the University of Pittsburgh School of Medicine. "I can focus less on paying for medical school and more on becoming the best physician I can be for my patients and their families."
