Valeant Completes Approximately \$1.1 Billion Pay Down Of Senior Secured Term Loans From Divestitures; To Seek Refinancing And Amendment Of Credit Agreement

March 06, 2017

LAVAL, Quebec, March 6, 2017 /PRNewswire/ -- Valeant Pharmaceuticals International, Inc. (NYSE/TSX: VRX) ("Valeant" or the "Company") today announced that following the successful closure of the skincare products asset sale on March 3, 2017, Valeant has used the net proceeds of the sale to pay down approximately \$1.1 billion of its senior secured term loans. This debt repayment further enhances the company's confidence in meeting its goals, and it is taking this opportunity to refinance and amend additional portions of its outstanding debt to further create operating flexibility.

Valeant is seeking to refinance and amend the Company's existing credit agreement (the "Credit Agreement"), borrow new Term B loans under the Credit Agreement and issue new secured debt securities (together, the "Refinancing"). The Refinancing is expected to have the effect of extending the maturity date of the revolving facility and the Term B loans that mature prior to 2022, repaying all of the outstanding Term A loans, removing the maintenance covenants from the Term B loans, modifying the maintenance covenants under the revolving facility, modifying certain other provisions of the Credit Agreement and repaying a portion of the Company's outstanding 6.75% Senior Notes due 2018.

The Refinancing is subject to market and other conditions and is anticipated to close in the first quarter of 2017. However, there can be no assurance that the Company will be able to successfully complete the Refinancing, on the terms described above, or at all.

The debt securities will not be registered under the Securities Act of 1933, as amended (the "Securities Act"), or any state securities law and may not be offered or sold in the United States absent registration or an applicable exemption from registration under the Securities Act and applicable state securities laws. The debt securities will be offered in the United States only to qualified institutional buyers pursuant to Rule 144A under the Securities Act and outside the United States to non-U.S. persons pursuant to Regulation S under the Securities Act. The debt securities have not been and will not be qualified for sale to the public by prospectus under applicable Canadian securities laws and, accordingly, any offer and sale of the securities in Canada will be made on a basis which is exempt from the prospectus requirements of such securities laws.

This release is being issued pursuant to Rule 135c under the Securities Act and shall not constitute an offer to sell or the solicitation of an offer to sell or the solicitation of an offer to buy any securities, nor shall there be any sale of securities in any jurisdiction in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such jurisdiction.
