June 20, 2013

LAVAL, Quebec, June 20, 2013 /PRNewswire/ -- Valeant Pharmaceuticals International, Inc. (NYSE: VRX) and (TSX: VRX) (the "Company") reports that the underwriters of its recently priced public offering of common shares (the "Offering") have exercised their option to purchase additional common shares and will purchase an additional 3,529,412 common shares at a price of \$85.00 per share (the "Additional Shares"). The option to purchase Additional Shares was granted pursuant to the Offering of approximately 23,529,412 common shares at a price of \$85.00 per share (the "Firm Shares"). The Company may use the proceeds from the Additional Shares sold in the Offering, in addition to the manner described above, for general corporate purposes. If the Merger were not to close for any reason, the proceeds of the Offering, including the proceeds from such Additional Shares sold, will be used for general corporate purposes, which may include providing working capital, funding capital expenditures or for making one or more future acquisitions.
